

# Mandatory Health Insurance System & Healthcare Financing

HASAN AĐIL, M.D.

# Sharing Benefits & Risks

Happiness..The more the merrier

Grief divided is made lighter

# Griefs Divided – The Need of Money

Some griefs get lighter with a friend's hand

But some griefs get lighter with subsidy

# Griefs Divided – Participation

A group of people help others

And another do not

Always a part will be missing  
for community

# Why Full Participation?

Water level decreases in time  
Evaporation effects

Evaporation effects  
Returns again as rain

# Why Full Participation?

- Power of community
- Extent of finance
- Actuerial growth of money
- Solid & sustainable system

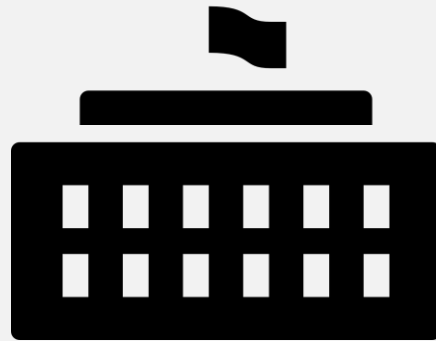

# Enlarge the Pool – How?

Control decentralized population & budgets

Define services & goods

Take advantage on procurements

# Why a Mandatory System?

Rich or poor? Does not matter  
Wealth consuming diseases  
Huge burden for community & states

On-pocket-payments  
Private Insurance Policies

# Steps of Empowerment of Healthcare Financing by State

Act as  
Decision  
Maker

Regulate the  
Health Sector

Determine  
Services &  
Packages

Determine  
Cost & Prices

Shape the  
Future and  
Cover the  
Population

# Social Synergy

A social fact & natural social responsibility program for themselves and community

Becoming a big family

Thank You
